# Dave Haycocks

CeMAP, CeRER

**Title**

Mortgage and Protection Adviser

**Background**

Dave has worked in Banking & Financial Services since the early 1980s and has seen many changes during this period, he has worked at 75point3 since 2008.

**Advice Areas**

Dave has experience in residential & commercial finance and holds specialist qualifications to provide advice on lifetime mortgages and equity release planning.

**Interests**

Mountain walking and travelling are top of Dave's agenda outside of work, including visits to Alaska, The Alps, Norway, The Arctic Circle and Everest Base Camp in Nepal.

**My Favourite Part of the Job**

I really enjoy the challenge of finding solutions for difficult cases and then seeing them through from application until my customers have a mortgage offer. This is the most rewarding part of the job for me.

**Fun Fact**

In 2010 Dave was exploring North Yorkshire and found himself on the end of a cable being lowered through an underground waterfall into Gaping Gill which is a natural cave on the southern slopes of Ingleborough – a 322 ft deep pothole with the stream Fell Beck flowing into it.
